This information is provided for the purchasers of the MasterAmp™ Buccal Swab DNA Extraction Kits catalog numbers MB71030 and MB79100 and for DNA Extraction Solution, MB7901S.

The MasterAmp™ Enzyme Sample Kit contains brushes and a DNA Extraction Solution. The DNA Extraction Solution in the kits and sold separate consists of an aqueous solution of salts, which is not thought to be hazardous and hence does not require an MSDS.

This information is believed to be correct, however, Epicentre makes no guarantee of the accuracy or completeness of the data and shall not be liable for any damages. This document is offered solely as a guide for the customer's consideration, investigation and verification. These suggestions do not replace state, municipal and/or insurance requirements.
